F11 KARTHIK SHARMA

Hyderabad
8712142209

I'm Kartik Sarma, a dedicated student at Anurag University, Telangana. Proficient in ReactJS, ExpressJS, MongoDB, Firebase, Firestore, and Flask, I specialize in full-stack development. I've completed projects in machine learning and excelled in hackathons, winning first place in two national-level competitions and earning cash prizes. My commitment to innovation and technology drives my continuous pursuit of excellence in the development landscape.

EDUCATION
* 2019
Little Flower School, Hyderabad Schooling

In my formative years at Little Flower School, I explored diverse interests, shaping my personal development. Engaging in extracurricular activities, I discovered a passion for public speaking, where the stage became my home. This pivotal experience has defined the individual I am today.

* October 2021 – April 2025
Anurag University, Hyderabad BTech in CSE

I'm currently studying Computer Science and Engineering at Anurag University. The curriculum and hackathons have molded me into a developer. With support from faculty and peers, I've secured victories in college and national hackathons, shaping me into a proficient and competitive individual in technology.

EXTRA-CURRICULAR ACTIVITIES

* March 2022 – April 2022
  Front End Developer at Gayathri Hair Industries, Hyderabad

  Worked as a Frontend website developer
* July 2022 – August 2022
